

Indoor Lev Station

410391

Tools Needed

15/16" and 3/4" wrenches.

Step 1

Install screw feet.

Step 2

Adjust each screw foot to 2" (from bottom of Station frame to bottom of screw-foot pad).

Step 3

Attach the Lev Sled assembly by positioning the assembly at the end of the platform, starting all four bolts, then tightening the bolts.

Step 4

Level by adjusting the screw feet with a 15/16" wrench. (Tip: Make sure all four screw feet touch the floor.)

Maintenance

- Touch up scratches with semi-gloss black paint.

NOTE: For indoor use only.

ASSEMBLY INSTRUCTIONS

Champions aren't born.
They're made.
